

...It's no use. It's gotten too dark.

The girls! Find them!

They've escaped into the forest!

We'll have to hunt those witches tomorrow!

Why does it have to be like this!
...We just love each other, but...

Maria...

They might be burned at the stake.

Suspects would be given to the officials, and if they then judged them to be witches...

The church of our region regarded sodomy like it was an enemy.

ドリアードの花嫁達

So long as I'm with you, Marie, I'm not afraid.

Let's make so much love, and then, before the adults of the village can find us, let's die together.

Yes!

きゅん

jozette, here?

hey...

Marie, let's make love...

As if in a dream, a strange fog began to encircle us...

Fufu...

Such beautiful girls you are.

We gripped our two bodies close together. We didn't notice, but...

Look,
the tree!

What
was
that
voice?!

K y a a ?

What's
wrong?
Won't
you
keep
going?

They
usually
never
reveal
themselves
before
humans,
though!

That's....
a spirit
of the
wood!
A Dryad!

...Unless
they
plan to
consume
their
spirit..!

Fufu...

K y a a a !?

Ah, but in return,

Y a h !

A a h !!

You must...

bear for me my children.

Ch... children!?

お!

お!

お!

For many long years I've resided in this forest, but...

After awhile, I started to feel that I wanted children.

They need the seed-bed of a human female's vagina.

But for these seeds to be able to grow...

St-Stop!

Ya... ahh!

Oh... oh...

So- Here are my seeds. I will plant them inside your two pure wombs.

ポウッ

Accept them into your bodies...

ポフ

I'm so glad to have found females with whom I can entrust my children.

Ya... ahh!!

Oohh!

You will become my brides.

You have such cute breasts...

You can feel me, ...right? Marie.

Ahhh!

Down here's getting all wet, too...

Jazette, calm down...!

Yaa...

I'm losing my strength.

I can't resist.

Or else
I really
will
make a
baby!

Haa

Ahh!

We
musn't
let any
more
spirit
drain...

I'll
be
giving
birth to
your
baby,
hey?

Marie,
I'll give
birth to
a baby
as well.

Ahh!!

Haa...

No!

But,
really...

Fwa!

For
me,
too

It
just
feels
so
good
...!!

I
can't
endure
any
longer...

~~~~~

After the children are born, we don't know that she might not decide to kill us...

What if Dryad is really a wicked spirit? What will we do?

Are things really okay like this?

I'll get us help so just wait for me...!

Whatever it takes, I just want to live together with Jozette!

It's a little ways off, but maybe I can find a kind lady living in the village who could help us.

The adults from the village who'd been chasing us?!

Oh no...

Nn!

just now...  
the baby...

It  
moved...!

I had  
become a  
mother,  
body and  
soul.

With-  
out my  
even  
noticing,

Shall we  
go home?  
Back into the  
forest.

I know  
we will  
be the  
happiest  
of  
mothers.

so  
long as we  
have  
this  
love for  
one  
another,

D  
r  
y  
a  
d  
?

I don't  
generally  
tend to  
hold  
feelings  
for  
humans,  
and yet...

...it's  
odd.

Day by  
day, I  
find  
myself  
falling in  
love with  
you two  
more and  
more...

I may  
not be  
much of a  
human  
any  
more,  
but  
even  
so...

END
